Email: jroot370@gmail.com

Bio:

I was born and raised in Chester, Vermont. I received my Bachelor's degree in mathematics from the College of the Holy Cross in 2010 with certificates from the Budapest Semesters in Mathematics program and Penn State's Mathematics Advanced Studies Semesters program (MASS). I received my PhD in mathematics from Boston University in 2016.

I worked for the non-profit organization World Teach, teaching English in rural Hunan China (华容县 岳阳市 湖南省). I also taught courses on English, mathematics, and Chinese philosophy at the Hunan Institute of Science and Technology – a local university in Yueyang 岳阳.

I am interested in mathematics, poetry, and Chinese calligraphy. Related works can be found on my website.
