

## Recent special journal issue on settler colonialism

**From:** Lara Sheehi

Dear Louise,

I hope this email finds you well, despite the highly demoralizing political landscape.

I wanted to share this special edition of the International Journal of Applied Psychoanalytic Studies recently published, entitled: Settler Colonialism: The Palestinian/Israeli Case. I have a co-authored piece with my partner entitled "The Settlers' Town is a Strongly Built Town: Fanon in Palestine".

The whole issue is Open Access through the end of October, I believe, in case you and others on the Taskforce may be interested. Here is the link:

<https://onlinelibrary.wiley.com/toc/15569187/2020/17/2>

With warmth and in solidarity,

L
