

White House Tribal Nations Summit: Recordings

From: [Frank Kessel](#)

Dear NCRE [**Native Children's Research Exchange**] Colleagues

Not sure how many of you tuned into the WH Tribal Nations Summit – but if you did not, it's worth tuning in. The recordings for [November 15th](#) and [November 16th](#) are now available.

Yesterday, NCRE Scholar and Vice President of the Oglala Lakota Nation, Dr. Alicia Mousseau, spoke. Check out her remarks and questions of Dr. Fauci and Secretary Becerra at 1 hour 36 minutes here <https://www.youtube.com/watch?v=RRCSvYmb20>, one of which was, "Secretary Becerra, I just wanted to know...what does the trust responsibility of the US government to provide high quality healthcare to sovereign tribal nations mean to you and how does that guide policy and decision-making in your agency?" A big shout out to you Madame Vice President Mousseau! Thanks for asking important questions and holding our nation's leaders to account.

Hope you all can tune in.
