Subject: [DIV32ANNOUNCE] Update of the Corps of Depth Healers Certificate Program

Dear all,

There has been an important update on the Corps of Depth Healers Certificate Program since yesterday (visit the website link below in my original announcement). The program description is now much more detailed and should answer many questions you may have about eligibility for enrollment (including becoming a General Member initially) as well as details about the curriculum.

I appreciate your attention to this matter,

Kirk

Dear friends and colleagues,

I am pleased to announce that after many months of work, Tyler Gamlen and I have developed the "Corps of Depth Healers Certificate Program."

Interested folks should scroll down to "Announcing: Corps of Depth Healers" on the Membership page:

The basis of this educational program is to provide a curated curriculum for eligible depth healers (people with a depth orientation skilled in healing communication) to foster "emotionally restorative relationships" across many sectors of our society. By emotionally restorative relationships we mean relationships where people feel heard and seen and that get at the roots of their problems.

We're reviewing applications now for this program which is slated to begin its first cohort on April 14th.

At a time of political and cultural upheaval this program is one approach to tapping the collective skills of our community to address the emotionally depleted relationships that lie at the heart of so many of our personal and social ills.

Cordially--and I hope you will consider becoming a General Member and enrolling in the Certificate Program.

Kirk
